

# KIDNEY TRANSPLANT UPDATE A PRACTICAL APPROACH - 2019

**Theme: Transplant Immunology and High Risk Transplants**

**21<sup>st</sup> - 22<sup>nd</sup> December 2019**

**Hotel Novotel - Pullman,  
Aerocity, New Delhi**

Organised by  
**Save Kidney Foundation**

## ▶ INVITATION

Dear Colleagues,

Greetings from Medanta- Medicity, Gurgaon!

It is our pleasure to announce the **Fifth Update on kidney transplant- a Practical approach to be held at Hotel Pullman, Aerocity, Delhi on 21-22th December 2019.**

Kidney transplants are steadily increasing in India. According to a rough estimate in year 2018, about 10,000 kidney transplants were done in India out of which approximately 85% were living donor transplants and 650 were ABO incompatible transplants, which makes India as country with most number of living donor kidney transplant in the World. The availability of better drugs and newer technology like luminex has helped in improving the transplant outcomes. Now we are able to do many high risk transplant like HLA incompatible and ABO incompatible transplant with good success rates. Yet there are many grey areas in this field and we need to continuously update our knowledge to provide best outcomes to our patients.

The transplant update provides an opportunity to interact, share knowledge, experience and to clarify doubts as meeting is designed in such a way that it provides ample time for discussion, which is sometimes lacking in regular nephrology meetings. This update also provides a good opportunity for many nephrologists working in centres where support system is not so good to discuss their doubts and difficulty in dealing with transplant recipients. **Last year approximately 350 Nephrologists from across the country attended transplant update on infectious disease and benefitted from it.**

This year, we have invited renowned experts and pioneers in the field of Transplant Immunology and high risk transplant. **Dr Anat R Tambur, is the Director of Transplant immunology laboratory at Feinberg School of Medicine, Northwestern University Chicago**. Dr Anat R Tambur is a pioneer in the field of transplant immunology and authored more than 100 original articles in reputed journals. She has special interest in Luminex technology and study of HLA epitopes. **Dr Dorry Segev, who is Professor of Surgery and Vice Chair, Department of Surgery, Director Epidemiology Research Group in Organ Transplantation Johns Hopkins University** and is a pioneer in the field of high risk transplants like- HLA incompatible transplant, transplant from HCV and HIV positive donors among others.

**Dr Carrie Schinstock is an Associate Professor of Medicine and clinical and translational researcher at division of Nephrology and Transplantation at Mayo clinic Rochester. Her focus areas of research are antibody mediated rejection and characterisation of donor specific antibodies.** We are sure that their participation would enhance the quality of meeting and provide a great opportunity for Indian nephrologists to interact with them and share their experiences.

Our format as always will be a mix of high end talks and case based discussion mostly, as it provides an approach towards problem solving. **We invite you to send your interesting cases**, which have a message and useful for others in their day today practise. The selection of cases for presentations would be done by scientific committee. The duration of case presentation would be 8 minutes followed by 7 minutes of discussion. You can send your cases at [www.transplantupdate.com](http://www.transplantupdate.com).

We have kept a discounted registration fee of Rs- 5000/- for delegates and Rs- 2500/- for students. You can register yourself online at [www.transplantupdate.com](http://www.transplantupdate.com) or send the completed attached form through mail.

The meeting would start post-lunch at 1.00 pm on Saturday 21st December and would conclude by 3 pm after lunch on 22nd December Sunday.

Hope to see you at meeting.

Best Regards,

**Dr Shyam B Bansal** | Organising Secretary  
Director, Nephrology and Kidney Transplant,  
Medanta - The Medicity, Gurugram

**Dr Vijay Kher** | Organising Chairman  
Chairman, Nephrology  
Medanta - The Medicity, Gurugram

## ► CONFERENCE HIGHLIGHTS

► Estimation of living donor risk with emphasis on marginal donors

► HLA epitopes- what does it mean?  
► What do we know today?  
► What can be applied clinically?

► Overcoming the humoral barriers to successful kidney transplant: opportunities and challenges

► Challenging cases of kidney transplant

► The role of Luminex technology and high molecular HLA typing in current era

► Kidney transplant in patients with vascular disease

► Various cross match techniques in Transplant - significance and correlation

► Antibody mediated rejection in kidney transplantation - one diagnosis and varied presentation

► The highly sensitised patient: Is there still a role for positive cross match kidney transplantation

► ABO incompatible transplant versus kidney exchange - Practical issues

► Kidney transplant in HUS and C3GN

► Kidney transplant in FSGS

## ► CONFIRMED FACULTY

**Dr. Anat R Tambur**

Director, Transplant Immunology Laboratory  
Comprehensive Transplant Center  
Northwestern University, Chicago, USA

**Dr. Carrie A Schinstock**

Associate Professor of Nephrology  
William J von Liebig Center for Transplantation and  
Clinical Regeneration, Mayo Clinic, Rochester, USA

**Dr. Dorry Segev**

Professor of Surgery & Vice Chairman,  
Department of Surgery at  
Johns Hopkins School of Medicine, USA

**Prof. Vivekanand Jha**

Executive Director,  
The George Institute for Global Health, India  
President, International Society of Nephrology

## ► ORGANISING TEAM

**Dr Shyam B Bansal**

Organising Secretary

**Dr Ashish Nandwani**

Co-organising Secretary

**Dr Anurag Gupta**

**Dr Ashwini Gadde**

**Dr Dharmendra Bhaduria**

**Dr Dinesh Bansal**

**Dr Dinesh Yadav**

**Dr Vijay Kher**

Organising Chairman

**Dr Amit Mahapatra**

Co-organising Secretary

**Dr Jitendra Kumar**

**Dr Manish Jain**

**Dr P N Gupta**

**Dr Pranaw Jha**

**Dr Sidharth Sethi**

## ► REGISTRATION DETAILS

	Till 25 <sup>th</sup> Nov		26 <sup>th</sup> Nov - 30 <sup>th</sup> Nov		1st Dec Onwards	
Registration Type	Delegate	Student	Delegate	Student	Delegate	Student
<b>Residential Package</b>						
<b>a) Hotel Novotel (Single Room)</b>	11500	9000	12500	9500	13500	10000
<b>b) Hotel Novotel (Twin Sharing)</b>	12000	9500	13000	10000	14000	10500
<b>c) Hotel Pullman (Single Room)</b>	12500	10000	13500	10500	14500	11000
<b>d) Hotel Pullman (Twin Sharing)</b>	13000	10500	14000	11000	15000	11500
<b>Non-Residential</b>	5000	2500	6000	3000	7000	3500
<b>Accompanying Person</b>	3000	3000	4000	4000	5000	5000
<b>International Participants</b>	100 USD	50 USD	125 USD	75 USD	150 USD	100 USD

### Extra Per Night\* :

Hotel Novotel : INR 7000 **(SGL)**, INR 7500 **(DBL)**

Hotel Pullman : INR 8000 **(SGL)**, INR 8500 **(DBL)**

\* Only Accommodation & Breakfast at Hotel.

### Residential Packages includes the following:

- » Rooms at venue hotel for 1 night (Check-in on 21<sup>st</sup> Dec & Check-out 22<sup>nd</sup> Dec 2019)
- » Breakfast on 22<sup>nd</sup> Dec at Hotel Coffee shop
- » The above residential packages is includes of all the hotel taxes
- » 2 Days i.e on 21<sup>st</sup> - 22<sup>nd</sup> Dec 2019 Conference lunch with 2 time Tea and Coffee at the venue
- » Dinner on 21<sup>st</sup> Dec 2019
- » Conference Registration Kit

### Non Residential Packages includes the followings

- » 2 Days i.e on 21<sup>st</sup> - 22<sup>nd</sup> Dec 2019 Conference lunch with 2 time tea and coffee at the venue
- » Dinner 21<sup>st</sup> Dec 2019
- » Conference Registration KIT.

### Cancellation Policy:

1. Cancellation till 15<sup>th</sup> Nov 2019, 50% of Registration charges will be deducted.
2. No Cancellation or refund after 15<sup>th</sup> Nov 2019
